RE: Mayflower Resort at Deer Valley Master Plan

Dear Doug,

I have had a chance to do some preliminary review of the documents for the Mayflower Resort at Deer Valley Master Plan. Before I can continue my review there are a couple of items that I need.

1. I would like a copy of the Plan for Reclamation of the Mayflower Mine and Adjacent Areas, Wasatch County, Utah prepared by Earthfax Engineering.
2. Please place the areas of concern from the Earthfax Reclamation Plan on the Existing Conditions Map and label appropriately. These should include the Mayflower Mine, Star Mine, Mayflower Tailings, Mud Pond, Yellow Pond, and Deer Camp.
3. I need copies of any geotechnical and/or geological studies that have been completed regarding the property.
4. Status of the water quality sampling that Mayflower was to perform as part of their original Development Agreement. Also, any data or reports that were completed should be submitted.

If you have any questions, please feel free to contact me at 801-580-9692.

Sincerely,

Alane E. Boyd, P.E.  
Principal
